

Chris Matthew's Bio

Law enforcement professional and security expert with more than 18 years of combined experience in policing, military operations, and intelligence-led private security. Founder and CEO of OpSec Intel, a cargo security and risk solutions provider that specializes in protecting high value shipments through end-to-end security, intelligence, and compliance.

I directed nationwide cargo security and intelligence operations and delivered measurable results through advanced risk assessment methodologies, GPS tracking protocols, open-source intelligence (OSINT) strategies, and cargo theft investigations. I hold a Bachelor of Science in Criminal Justice from Rutgers University and am pursuing a Master of Administrative Science with a concentration in Global Security. My expertise spans asset risk mitigation, digital forensics, and cyber investigations, combining tactical insight with data driven intelligence to safeguard property and critical assets.
